Experience

Highly motivated computer science student with a passion for frontend development, equipped with a solid foundation in programming languages and web technologies. Seeking an opportunity to contribute and grow as a frontend developer, utilizing my creativity and technical skills to deliver visually appealing and user-friendly web applications.

Teaching Experience:

- Successfully served as a dedicated home tutor, imparting computer science and mathematics education to students of diverse age groups and academic levels..
- Received positive feedback from students and parents for the ability to simplify complex concepts and boost academic performance.
- Demonstrated strong communication skills and a passion for nurturing a lifelong love for learning in students.

Technical Skills

- Programming Languages: HTML, CSS, JavaScript
- Frameworks and Libraries: Bootstrap, Tailwind
- Web Development: Responsive Design, CSS Flexbox, CSS Grid
- Tools: Visual Studio Code,.
